Introduction

The Government of the Republic of Tajikistan in cooperation with the World Bank implements the “Modernizing the National Statistical System Project in Tajikistan” through the implementing agency, Agency on Statistics under the President of the Republic of Tajikistan, during the period 2021-2026. This Project, particularly, provides a reliable database, easy access to high-quality statistical information in electronic form for any interested person or organization and institution. Moreover, the Project promotes the improvement of the coordination of public expenses, in the private investment space and strengthen market institutions.

The Project is structured according to three

components:

Component 1: Strengthening the Institutional Capacity of AS and Improving ICT Infrastructure.

Component 2: Enhancing the system of statistical production, dissemination and data use

Component 3: Project management

The aim of the Project

The main objective of this Project is to provide the AS with the opportunity to modernize statistical production, data dissemination and improve user interaction.

The main objective of this Project is the electronic collection of statistical data, improvement, dissemination and accessibility of high-quality information for all stakeholders.

The “Modernizing the National Statistical System Project in Tajikistan” has strengthened the institutional capacity of the Agency on Statistics, the information technology infrastructure and makes its communication better.
